## Professional Risks

Today the world for Professional and Financial Institutions is more challenging than ever. Governments, law makers and professional bodies all seemingly conspire to increase complexity and the need to employ additional resource.

Adler Insurance Brokers aim to ease the burden, and support your business by giving clear professional help with your exposures to both civil disputes and alleged criminal acts in the business world; this latter area having grown and developed considerably in the last ten years.

Here are just some of the market's products on which we advise:

### Professional Risks

- Professional Indemnity (P.I.)
- Directors and Officers (D&O) Liability
- Cyber / Internet Liability
- Association, Club and Charities Indemnity
- Affinity Groups
- Pension Fund Trustees Liability
- Officials Indemnity
- Medical Malpractice Liability

### Legal Indemnities

- Commercial Legal Expenses
- 'After the Event' Litigation Protection
- Employment Practice & Prosecution Liability
- Intellectual Property
- Tax & VAT Investigation
- Kidnap & Ransom

From 'run-off' professional indemnity insurance to a new start up business with past exposures, from small traders to a large national business concerned with their personal D&O exposure to fines and imprisonment, and from individuals in practice to multi-office firms with unique P.I. issues, our staff at Adler Insurance Brokers are here to help.
