

Recycling & Re-use

Environment – Recycling & Re-use

We maintain strong links with leading insurance companies in this sector, the London insurance market, and in particular the risk advisers to the Environmental Services Association (ESA). This enables us to advise a wide range of clients and specialist industry trade bodies.

Bespoke covers are provided for:

- Waste Management Contractors
- Skip Operators
- Transfer Stations
- Landfill Sites
- Incineration
- Waste Recycling
- Consultants and Surveyors
- Financiers and all other parties requiring specialist cover for the industry

Liability & Motor Fleet

For our clients, these policies are designed to 'dovetail' to ensure that there is a seamless level of cover across the portfolio.

Does your insurance portfolio include:

- £10million Third Party Motor Liability for Hazardous Goods?
- Free Personal Accident cover?
- Free 24 hour Rehabilitation cover?
- Own Site Clean up cover?
- Financial Loss Cover?

If not, it really should do – these and many other specialist extensions are readily available from our scheme wordings.

And don't forget...

Environmental Impairment Liability, Directors & Officers Liability, Professional Indemnity and other ancillary covers, form a vital part of a 'standard' insurance programme.

Adler Insurance Brokers will make a real difference to your business.
